#### NEW OPPORTUNITIES IN PERFORMANCE

The Rave product line successfully redefined what healthcare seating could provide. With its contemporary appearance and trademark arm design, Rave became a premiere seating choice.

The Rave Collection confirms brayton**spaces** emphasis on the importance of providing innovative design for a multitude of applications.

Designed and engineered to provide a complete seating solution, Rave offers wide or narrow scale designs along with fully upholstered or wood open arm variations.

Rave will provide an excellent return on your investment and meets the stringent criteria set forth in our quality standards. You can feel confident Rave will withstand the rigorous demands of your high use environments.

#### ENGINEERED FOR DURABILITY AND COMFORT

Contemporary in design and built for intensive use, Rave seating can be specified throughout a facility from reception areas to patient rooms. Constructed from select hardwood and carbon steel frame components, Rave provides long-term durability.

With two different recliner sizes (narrow and wide) and a choice of wood legs or casters, Rave recliners offer design flexibility and can accommodate spatial limitations. Standard with upholstered armcaps, recliners feature a three-position counter balanced mechanism allowing for easy position changes. Locking front casters are standard and provide for user safety. A variety of recliner options are available including wood armcaps, moisture barrier on seat, retracting side table, adjustable lumbar support, and adjustable headrest.

With its extensive product offering, Rave enables the specifier to maintain design continuity throughout the facility without sacrificing product function and comfort.

#### PRODUCT VERSATILITY

Rave is a versatile upholstered seating collection offering a wide array of choices including single chairs, loveseats, and tandem units. Available in small, medium, or large scale models, Rave can easily accommodate your facility's spatial requirements. Select from two, three, and four seat units.

Standard with upholstered armcaps, Rave seating can also be specified with optional wood armcaps for the added warmth of wood. Also designed for easy maintenance, snap-in/snap-out seats are quickly removed for cleaning without the use of tools.

A variety of configurations can be accomplished with Rave tandem seating utilizing its complete line of coordinating freestanding and ganging occasional tables. For design flexibility, top surfaces are available in wood veneer, laminate, and Finesse® synthetic leather.

#### WOOD OPEN ARM TANDEM SEATING

Available in small and medium scales, Rave Open Arm seating provides flexibility when specifying lounge and reception areas. Constructed from select maple hardwoods, Rave Open wood arm frame brings the warmth of wood into any setting.

Offering 22 standard wood finishes, this seating line is available in two, three, and four seat tandem models. Coordinating Rave Open occasional tables feature wood, laminate, or Finesse top surface choices and can be ganged or freestanding.

Two and three seat benches are also included in this extensive collection and are the perfect addition to your hallway and reception areas. Benches are available in upholstered Rave or Rave Open wood arm styling.
